Shipping

AAA Auction will ship small and medium-sized items through the USPS. AAA will not ship large items; however, we may on a case-by-case basis agree to take a large item to a professional shipper to have it shipped. The handling charge for items taken to a professional shipper shall be \$25 per item. We will not ship ammunition. There is a handling charge of \$5.00 for small, padded envelopes, \$10.00 for all small and medium-sized boxes and \$25.00 for all long items such as rifles or shotguns. Handling charges are determined on a case-by-case basis for items that do not fit in USPS boxes. Shipping fees also include the actual fees charged by the post office or professional shipper.

6

Lot 6: Firearms and Ammunition

Firearms

Credit cards and debit cards are not accepted for a firearm purchase. Cash, money order, bank transfer, or a pre-approved check is required for a firearm purchase. All federal, state and local laws apply to the sale and transfer of firearms and the Buyers are responsible for knowing all federal, state and local laws of the location where the firearm will be transferred. In Minnesota, Buyers of handguns must have a carry or a purchase permit or an FFL license to take possession of a handgun.

Bidders may win a bid and pay for a handgun without the necessary permit; however, if that occurs AAA Auction shall retain possession of the handgun for up to two months while the Buyer obtains the necessary permit. Once the Buyer obtains the required permit the Buyer shall fill out a 4473 at the AAA Auction location. The sale shall be deemed complete only after a successful background check at which time the firearm shall be transferred to the Buyer. If more than two months go by without the Buyer providing the necessary permit to AAA Auction and passing the background check, then AAA Auction may cancel the sale and refund the purchase price to the Buyer less the amount of the Buyer's Premium charged which AAA Auction shall keep as liquidated damages.

By purchasing a firearm from AAA Auction the Buyer agrees to follow the manufacturer's safety instructions and to only use the firearm in a safe manner in an approved area for a legal purpose. The Buyer assumes all responsibility for the legality of the firearm when he or she purchases it. The Buyer must be the actual buyer of the firearm and not be buying it for another person. The person to whom we transfer a firearm must be the same person registered with AAA Auction as the winning bidder on the firearm. Buyers of rifles and shotguns must be 18 years old. Buyers of handguns and firearms with pistol grips (AR type rifles) and the ammunition therefore must be at least 21 years old.

Ammunition

AAA will only accept ammunition to sell that is in the manufacturer's original box or package. AAA does not accept private reloads, but AAA will accept commercial reloads as long as they are commercially packaged. AAA disclaims any knowledge of the history of any of the ammunition it sells and does not guarantee whether any ammunition it sells are reloads or factory seconds. It may be that the ammunition is not as described on the box or package. All ammunition sold by AAA is AS-IS. AAA Auction makes no warranties including fitness for the intended purpose or marketability for any of the ammunition it sells. The buyer acknowledges that the use of any ammunition may be dangerous and could lead to an injury. Buyer accepts 100% of the risk in using any ammunition bought at AAA Auction. Buyer shall hold AAA Auction harmless and shall indemnify AAA Auction and its staff from any and all claims for damages, loss, injury, or the like arising from the sale and use of said ammunition.

Lot 7: Coins and Currency

Coins and Currency Presentation and Description

When identical coins are sold in one lot, such as a group of four proof sets for the same year, the photos provided may be of only one set, but are presumed to fairly depict the contents and condition of each item in the group.

When coins are sold in a book, AAA Auction does not guarantee that the seller has placed the coins in the book in the correct location and inspection by the buyer is recommended.

Buyers may be asked to review their purchase before leaving AAA Auction and sign a form acknowledging that the purchase is accepted as correct.

Coins and currency are sold AS-IS with no warranties express or implied. Any statements as to the grade of a coin or any handwritten notes on slabbed coins or the like have been provided by the seller or others and are not guaranteed.

Personal inspection is highly recommended. If any sale is voided for any reason, any financial recovery for the buyer is limited to the return of his or her payment to AAA Auction.

Sometimes we include information we find online regarding previous sale prices for similar items. There may be some grading or condition differences between the lot we are selling and the lots we find online.

AAA makes an effort to be correct when listing the dates and mint marks of coins; however, due to the difficulty in reading some dates and mint marks, AAA does not guarantee the correctness of any dates or mint marks and encourages bidders to inspect the coins themselves.

Coins and Currency Payment

Cash, wire transfers or good credit cards may be used for coin purchases under \$300. No personal checks will be accepted for coins or currency. Unless previously agreed to by AAA Auction, cash payment or wire transfer is required for coin purchases over \$300. No credit card chargebacks shall be accepted. If any sale is voided for any reason, any financial recovery for the buyer is limited to the return of his or her payment to AAA Auction.

Coins and Currency Shipping

Shipping is available through the United States Postal Service (USPS) and shall not take place until there has been a successful payment. The handling fee shall be \$5.00 for items shipped in a padded envelope and \$10 for items shipped in small to medium USPS boxes. The shipping fees shall include the actual fees charged by the USPS including insurance. Shipping costs shall be paid with a credit card.

Lot 8: As-Is, Works, Untested, Must Take All

As-Is, Works, Untested, Must Take All

Everything in this auction is being sold AS-IS without any warranties express or implied unless the description says "Works." If so, we will honor that. If the description states "Untested" or if we don't say anything about whether the item works or whether it was tested, then you should assume that we did not test the item or don't know if it works, and we recommend that you inspect the item and bid accordingly. Sometimes we include information we find online regarding previous sale prices for similar items. There may be some grading or condition differences between the lot we are selling and the lots we find online. Buyer must take the entire lot won. Nothing can be left at AAA.
