LOT 6 - FIREARMS AND AMMO

Description

FIREARMS AND AMMO

Unless you are an established customer, please pay for your gun purchase in cash. Guns must be cased when leaving the Auction Barn, so please bring any cases you need. All state and federal laws apply, including a form 4473 and needing a purchase or carry permit to purchase a handgun or AR. Also, please note that the person to whom we will be transferring the firearm must be the registered winning bidder. In most cases, we accept ammo for sale only if it is the original ammo in the original box from the factory. Private reload, mixed, and loose ammo will usually not be accepted.

Quantity: 1
