**LOT 6 - Firearms** Credit cards and debit cards are not accepted for a firearm purchase. Cash, money order, ba

### Description

## Firearms

Credit cards and debit cards are not accepted for a firearm purchase. Cash, money order, bank transfer, or a pre-approved check is required for a firearm purchase. All federal, state and local laws apply to the sale and transfer of firearms and the Buyers are responsible for knowing all federal, state and local laws of the location where the firearm will be transferred. In Minnesota, Buyers of handguns must have a carry or a purchase permit or an FFL license to take possession of a handgun.

Bidders may win a bid and pay for a handgun without the necessary permit; however, if that occurs AAA Auction shall retain possession of the handgun for up to two months while the Buyer obtains the necessary permit. Once the Buyer obtains the required permit the Buyer shall fill out a 4473 at the AAA Auction location. The sale shall be deemed complete only after a successful background check at which time the firearm shall be

transferred to the Buyer. If more than two months go by without the Buyer providing the necessary permit to AAA Auction and passing the background check, then AAA Auction may cancel the sale and refund the purchase price to the Buyer less the amount of the Buyer's Premium charged which AAA Auction shall keep as liquidated damages.

By purchasing a firearm from AAA Auction the Buyer agrees to follow the manufacturer's safety instructions and to only use the firearm in a safe manner in an approved area for a legal purpose. The Buyer assumes all responsibility for the legality of the firearm when he or she purchases it. The Buyer must be the actual buyer of the firearm and not be buying it for another person. The person to whom we transfer a firearm must be the same person registered with AAA Auction as the winning bidder on the firearm. Buyers of rifles and shotguns must be 18 years old. Buyers of handguns and firearms with pistol grips (AR type rifles) and the ammunition therefore must at least 21 years old.

### **Ammunition**

AAA will only accept ammunition to sell that is in the manufacturer's original box or package. AAA does not accept private reloads, but AAA will accept commercial reloads as long as they are commercially packaged. AAA disclaims any knowledge of the history of any of the ammunition it sells and does not guarantee whether any ammunition it sells are reloads or factory seconds. It may be that the ammunition is not as described on the box or package. All ammunition sold by AAA is AS-IS. AAA Auction makes no warranties including fitness for the intended purpose or marketability for any of the ammunition it sells. The buyer acknowledges that the use of any ammunition may be dangerous and could lead to

an injury. Buyer accepts 100% of the risk in using any ammunition bought at AAA Auction. Buyer shall hold AAA Auction harmless and shall indemnify AAA Auction and its staff from any and all claims for damages, loss, injury, or the like arising from the sale and use of said ammunition.
